

# YOUR PERIOD doesn't have to be a sentence.

An informative lecture and presentation on excessive menstrual bleeding, its causes, impact, and treatment.

**PRESENTED BY:**

**PHYSICIAN AND/OR PRACTICE NAME**

**Location**

**Address**

**Address**

**Town**

**Date/Time**

One in five women suffer from excessive menstrual bleeding. Some are embarrassed to discuss it. Some aren't aware they have it. This sensitive but frank discussion will offer a thorough medical overview of this condition, the effect it has on women and their bodies, and what can be done to treat it.

This presentation will include an overview of a safe and highly effective new means of treating excessive menstrual bleeding that does not affect natural hormonal balance.
