Camera-ready ads should be sent as Acrobat 7.0 .pdf. Please convert copy and body text as an outline in InDesign or Illustrator before saving to .pdf. Changes and modifications will not be made on .pdf files.

They will be placed "as is." Please size the ad accordingly. Refer to our ad diagram. If changes need to be made, please send an InDesign live file with all graphics and fonts included. If InDesign isn't available, please make the changes in your own program before sending the file to us as a pdf.

Mac platform application programs we use:

- InDesign CS 3.0 • Adobe Photoshop CS 8.0
- Adobe Illustrator CS 11.0
- Adobe Acrobat 7.0 Professional

We will not accept anything else. If they are created in other programs, please provide a hard copy of how the ad should look for the ad to be created. Please include all pictures and logos. Make sure that photographs are 200-300 dpi for quality. Logos and text with special fonts NEED to be created as in outline. Our art department will create the ad and e-mail a low resolution version jpeg for approvals.

Send materials to mdma2@dslextrreme.com or you may ship it to us on a Mac readable CD.

Questions? Have your art department call Eric at 323-655-5716 ext. 223 for more ways to send.
